Show Details

Bus Parking

All buses should park in the main bus loop in front of Mansfield High School. A representative will be there to greet you. Students will be stamped and a packet will be given to each Band Director.

Truck Parking

All equipment trucks should park in the middle school parking lot. It is marked on the attached map.

Spectator Parking

It is recommended that spectators arrive well in advance of their band's performance time to secure parking and make their way to the field. Parking is available at Mansfield High School and Memorial Field (on Hope Street). Spectators may also park across the street at the Jordan Jackson or the Robinson Elementary Schools. There is also limited street parking available.

Spectators with a handicapped placard will have reserved spaces near the performance field. Please inform parking attendants and they will direct you to where you need to go.

Judges will have reserved parking near the performance area.

Warm Up

Warm-up areas are located in the grass field next to the school. Feel free to spread out as much as you would like and use the center line of the field as a dividing line between warm up zones. Please warm up facing away from the stadium and be respectful of other bands performing and warming up.

Front ensembles may elect to use the pit warm up zones marked on the map. These zones will have power outlets available. Front ensembles can elect to warm up in the regular warm up zones as well if they desire.

There are additional areas around campus that are suitable for warming up. Please just make sure not to disrupt the show or other bands travelling.

Bands should leave the warm up at their designated times. There are several ways to exit the warm up space. Bands should then follow the green line to arrive at alumni field.

Field Details

Groups will enter the performance field on side two. Members will be staged on the track prior to performance. Color guard, winds, and battery will enter the field through the back corner of the field. Groups will exit the field at the front of side 2 and exit out the same gate they entered the field.

The painted hashes on the field are 60'/32 steps from the sidelines (NCAA). Taped hashes will be 53' 4" from the sidelines (High School)

Please note the path back to the equipment trucks is different from the path to the field from warm up.

Restrooms

We suggest that performers use the restroom facilities in the high school before unloading their equipment. The bathroom is located in the main entrance of the building.

Spectator bathrooms are located near the field.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).
